

Author Index to Volume 43 (1998)

A

- Adams AB et al: Changing prevalence of chronically ventilator-assisted individuals in Minnesota: Increases, characteristics, and the use of noninvasive ventilation, **43(8):643** *research article*
- Aggarwal AN, *coauthor*: Gupta D **43(7):557**
- Ahmad M, *coauthor*: Stoller JK **43(8):637**
- Allen M, *coauthor*: Cummins RO **43(1):33**
- Altemeier WA: SymBioSys ABG **43(8):657** *books, films, tapes, & software*
- Anand KJS: Analgesia and sedation for ventilated children and infants, **43(11):942** *reviews, overviews, & updates*
- Anderson KL: Dyspnea, **43(5):428** *books, films, tapes, & software*
- Arnold JH: High-frequency ventilation in pediatrics ARDS, **43(11):961** *reviews, overviews, & updates*
- Ashbaugh D, *coauthor*: Petty TL **43(2):128**
- Aslany Z et al: Cardiac enzyme evidence of cardiac injury in patients intubated for respiratory failure, **43(9):713** *research article*
- Atwood CW Jr: Positive pressure therapy: Theory and application, **43(4):307** *conference proceedings*
- Aufderheide TP: response to Braslow A, **43(2):124** *letter*
- Aufderheide TP: response to Safar, **43(2):122** *letter*

B

- Bailey WC et al: Strategies in preserving lung health and preventing COPD and associated diseases: The National Lung Health Education Program, **43(3):185** *special article*
- Barbieri C, *coauthor*: Aslany Z **43(9):713**
- Barnes TA: response to Braslow A, **43(2):124** *letter*
- Barnes TA: response to Safar, **43(2):122** *letter*
- Beatty CD: Asthma, **43(10):823** *books, films, tapes, & software*
- Becker LB, *coauthor*: Cummins RO **43(1):33**
- Becker LB: response to Braslow A, **43(2):124** *letter*

- Becker LB: response to Safar, **43(2):122** *letter*
- Behera D, *coauthor*: Gupta D **43(7):557**
- Berg RA: response to Braslow A, **43(2):124** *letter*
- Berg RA: response to Safar, **43(2):122** *letter*
- Biondo FE: Shared care for asthma, **43(9):729** *books, films, tapes, & software*
- Bishop MJ, *coauthor*: Hussey JD **43(7):552**
- Bohn D, *coauthor*: Heulitt MJ **43(11):952**
- Bossaert L, *coauthor*: Cummins RO **43(1):33**
- Branson RD: Jack Emerson: Notes on his life and contributions to respiratory care, **43(7):567** *a tribute to John H Emerson*
- Branson RD & Campbell RS: Pressure support ventilation, patient-ventilator synchrony, and ventilator algorithms, **43(12):1045** *editorial*
- Braslow A & Brennan RT: Reluctance of bystanders to perform mouth-to-mouth ventilation, **43(2):124** *letter*
- Brennan RT, *coauthor*: Braslow A **43(2):124** *letter*
- Brooks LJ: Sleep-disordered breathing in children, **43(5):394** *conference proceedings*
- Burton GG: Respiratory care protocols: How can the 'time required for change' be so protracted?, **43(9):703** *editorial*

C

- Callanan V, *coauthor*: Cummins RO **43(1):33**
- Campbell RS, *coauthor*: Branson RD **43(12):1045**
- Chamberlain D, *coauthor*: Cummins RO **43(1):33**
- Chandra NC: response to Braslow A, **43(2):124** *letter*
- Chandra NC: response to Safar, **43(2):122** *letter*
- Chang AS, *coauthor*: Hnatik OW **43(12):1058**
- Chatburn RL, *coauthor*: Myers **43(1):22**
- Chediak AD: Pathogenesis of obstructive sleep apnea, **43(4):265** *conference proceedings*
- Cherniack NS: Oxygen regulation of ion channels and gene expression, **43(12):1101** *books, films, tapes, & software*
- Chiche JD, *coauthor*: Kacmarek RM **43(9):724**

Abstracts

AARC Open Forum 1998, 828

Acute respiratory distress syndrome (ARDS)

lung protective ventilatory strategies for, point of view, 724

pediatric

extracorporeal life support in, 966

future therapies, 988

high-frequency ventilation in, 961

inhaled nitric oxide use in, 978

lung protective strategy in, 952

management, pediatric intensivists, 995

mortality in 1998, editorial, 940

partial liquid ventilation in, 1086

surfactant in, 1070

Adolescent

HIV infection, obstructing tracheal neuroendocrine tumor in, 562

Adult respiratory distress syndrome

oxygenation in, classic reprint, 128

Advanced cardiac life support (ACLS)

in-hospital, American Heart Association, 30

Aerosol therapy

with metered dose inhaler, inline actuators for delivery of beta agonist and corticosteroid, 705

with metered dose inhalers, during mechanical ventilation, editorial, 699

Airway

clearance, acute pulmonary edema after obstruction, 476 management

acute pulmonary edema after obstruction, 476

emergency, two-tiered response by respiratory therapists and anesthesiologists, 552

flexible fiberoptic bronchoscopy, 811

Alcoholism

profound hypoxemia in, 820

American Heart Association

in-hospital resuscitation, 30

Utstein style, 33

Analgesia

local, for pediatric mechanical ventilation, 942

Anesthesiologist

respiratory therapist and, two-tiered response in emergency airway management, 552

Apnea

obstructive sleep

clinical diagnosis, 288

pathogenesis of, 265

respiratory care practitioners and, 412

sleep testing: center- and home-based, 296

surgical alternatives to positive pressure, 382

Asthma

book review, 823

education for school personnel, 804

eicosanoids, aspirin and, book review, 824

epidemiology, book review, 1099

pediatric, clinic pilot program, cost issues, 107

pediatric asthma units, staffed by respiratory therapists, outcomes, 22

shared care, book review, 729
treatment, leukotriene modifiers in, 481

Basic life support

in-hospital, American Heart Association, 30

Biomedical research

classic reprint, 63

Books, Films, Tapes, & Software

Application of Magnetic Resonance to the Study of Lung, 494
Asthma, 823
Asthma Epidemiology: Principles and Methods, 1099
Critical Care Medicine: The Essentials, 728
Diagnosis and Treatment of the Respiratory Tract, 1099
Drug Master Plan, 119
Dyspnea, 428
Eicosanoids, Aspirin, and Asthma, 824
Fishman's Pulmonary Diseases and Disorders, 825
Infectious Diseases of the Respiratory Tract, 728
Legal Issues and Ethical Dilemmas in Respiratory Care, 494
Mosby's GenRx, 119
Non-Invasive Respiratory Support, 1100
Oxygen Regulation of Ion Channels and Gene Expression, 1101
A Practical Approach to Pulmonary Medicine, 658
Principles and Practice of Intensive Care Monitoring, 825
Shared Care for Asthma, 729
SymBioSys® Arterial Blood Gas Interpretation, 657

Breathing

work of, different pressure support termination effects, 1048

Bronchopleural fistula

ventilatory management, after thoracic surgery, 1064

Bronchoscopy

flexible fiberoptic, 811

Cardiopulmonary interactions

cardiac enzyme evidence, acute respiratory failure patients, 713

Cardiopulmonary resuscitation (CPR)

bystander, letter, 122, 124

Chronic obstructive pulmonary disease (COPD)

strategies in prevention, NHLEP resource document, 185

Classic reprints

artificial respiratory in treatment of edema of the lungs, 583
improvement in oxygenation, adult respiratory distress syndrome, 128
retrospectroscope redux: Feet on the Ground??, 63
retrospectroscope redux: Who was Alexis who?, 131
standards of effective administration of inhalation therapy (1950), 730
survey of the status of inhalational therapy in the hospitals of New York City (1950), 749

Complications

extracorporeal life support, in pediatric ARDS, 966
flexible fiberoptic bronchoscopy, 811
pediatric ARDS, inhaled nitric oxide use in, 978

Conference proceedings

continuous positive airway pressure, non-surgical alternatives, 370
positive pressure therapy, surgical alternatives, 382
sleep-disordered breathing, 264
children, 394
clinical diagnosis, 288
consequences, 277
impact of managed care, 401
obstructive sleep apnea, 265
positive pressure therapy, 307, 318
respiratory care practitioners in, 412
sleep testing: center- and home-based, 296
summary, 421

Continuing education

CRCE 1998 through the Journal, 659

Continuous positive airway pressure (CPAP)

non-surgical alternatives, 370

Cost issues

pediatric asthma clinic pilot program, emergency room visits and hospitalizations, 107
review of mechanically ventilated patients, 114

Cough

postoperative, exposure to tuberculosis and, 497

Dyspnea

book review, 428

Editorials

Aerosol therapy with metered dose inhalers during mechanical ventilation, 699
Clinician meets the outcomes researcher, 632

- The information superhighway's expressway to respiratory care, 20
- Invasion of noninvasive ventilation, 635

 - Contributing author salutes Pat Brouger, 127

- Outcome-based comparisons improve respiratory care treatments, 224
- Will the correct units for hemodynamic monitoring please come forward? 656

Leukotriene modifiers

- treatment of asthma, 481

Lung

- acute injury
 - protective ventilatory strategies for ARDS, 724, 995
 - toxic nitrogen dioxide fume inhalation, 557
- independent ventilation, bronchopleural fistula after thoracic surgery, 1064
- ventilator-induced injury, protective strategy in pediatric ARDS, 952

Lung disease

- strategies in prevention, NHLEP resource document, 185

Magnetic resonance imaging

- application to the study of the lung (book review), 494

Managed care

- sleep disorders and, 401

MDI. *see* Metered dose inhalers

Medical history

- clinical diagnosis of sleep apnea, 288

Medications

- sedative and analgesics, administration by respiratory care physicians, 655

Metered dose inhalers

- aerosol therapy with, during mechanical ventilation, editorial, 699
- inline actuators for delivery of beta agonist and corticosteroid, mechanical ventilation, 705

Myocardial infarction

- cardiac enzyme evidence, acute respiratory failure patients, 713

National Lung Health Education Program (NLHEP)

- resource document, 185

Neonates

- hydrops fetalis, nonimmune, 500

New Horizons Symposium

- medical direction of respiratory care past and present, 217

Nitric oxide

- inhaled, medical miracle or passing fad?, 978

Nitrogen dioxide

- fume inhalation, acute lung injury, 557

Outcomes research

- continuous pulse oximetry and, 650
- future ARDS therapies, 988
- pediatric asthma units, staffed by respiratory therapists, 22
- respiratory care treatments, letter, 224
- respiratory critical care, 1997 Donald F Egan Scientific Lecture, 1092

Oxygen

- regulation, ion channels and gene expression, book review, 1101

Oxygenation

- in adult respiratory distress syndrome, classic reprint, 128

Pain control

- for pediatric mechanical ventilation, 942

Pediatrics

- ARDS
 - high-frequency ventilation in, 961
 - lung protective strategy in, 952
 - mortality in 1998, editorial, 940
- asthma, clinic pilot program, cost issues, 107
- asthma unit, staffed by respiratory therapists, outcomes, 22
- mechanical ventilation, analgesia and sedation for, 942
- respiratory failure, extracorporeal life support in, 966

Perfluorocarbons

- partial liquid ventilation, infant respiratory distress syndrome, 1086

Pharmacodynamics

- leukotriene modifiers, treatment of asthma, 481

Physicians

- acceptance of consult services, 546
- medical house staff and consult services, 549

Positive pressure therapy

- sleep disorders, 307
- compliance and home care, 318

Pulmonary diseases

- Fishman's Pulmonary Diseases and Disorders, book review, 825
- flexible fiberoptic bronchoscopy, 811

Pulmonary edema

- acute, after upper airway obstruction, 476
- artificial respiration in treatment of (historical), 583

Pulmonary function testing

- normal inspiratory flow-volume curve, 1058

Pulmonary medicine

- practical approach, book review, 658

Pulmonary rehabilitation program

- in HMO setting, 177

Pulse oximetry

- continuous, patient outcomes and, point of view, 650

Rehabilitation

- pulmonary, in HMO setting, 177

Research protocols

- changing patterns of respiratory care service use, 637
- in-hospital resuscitation, Utstein style, 33
- outcomes research
 - clinician meets the outcomes researcher, editorial, 632
 - editorial, 629
- rationale for respiratory care protocols, 719
- respiratory care, time required for change, editorial, 703

Respiration

- artificial, treatment of pulmonary edema, 583

Respiratory care

- changing patterns of service use, 637
- consult services
 - changing patterns of use, 637
 - medical house staff acceptance, 549
 - physician acceptance of, 546
- history
 - Emerson, Jack, 567, 572, 573
 - standards of effective administration of inhalation therapy (1950), 730
 - status of inhalation therapy in New York City hospitals (1950), 749
